

# Healthcare Partners Emergency Preparedness & Response Engagement Visits

*Working Together for a Resilient North Carolina*

Join the NC Office of EMS Healthcare Preparedness Program and your Regional Healthcare Preparedness Coalition for this unique opportunity discussing how State, Regional, and Local partners work together to prepare for, mitigate, respond to, and recover from disasters affecting the residents and guests of North Carolina. We have all seen tremendous change the last few years, which has led to many of our plans being revised and updated. This event will allow each participating State partner to give a brief overview of how their agency is structured, their role during emergencies and disasters, and their latest operational/plan updates.

This event is targeted to local and regional partners who have a vested interest in healthcare, participants should include:

- Emergency Management

- Long-Term Care Facilities
- Dialysis Centers

Presenting partners include:

- NC Office of EMS Regulatory and HPP State/Regional Staff
- NC Emergency Management State/Branch Staff
